(1) For concentrations above 50%, MSDS for inverse mixture applies (i.e. Argon in Neon).
 (2) Range part numbers not available for concentrations >1%. Contact your Praxair representative for specific part number.

* Key for Praxair Grades (Refer to D1 for complete specification details).
ST – Standard grades include Primary (**P**), Certified (**C**), Non-Certified (**U**) and Custom (**Z**).

When ordering, combine the Reference Number with the Grade and Cylinder Style identification to obtain the complete part number. Please also specify the desired concentration.
